	<hr/>	\$106 29

Respectfully submitted,

C. H. DUNCAN,
Road Agent.

REPORT OF SCHOOL BOARD

TO THE CITIZENS OF HANCOCK:

In reporting the administration of our school system from the period of March, 1914, to March, 1915, we are pleased to notice some encouraging things. We also notice that much advance work is needed to place our schools in the front rank for efficiency.

Superintendent

Our superintendent closed his work with our supervisory district, October 13, to accept an elementary principalship in Paterson, N. J. He left the schools in good running order, so the Board felt we could for the rest of the year get along without a superintendent with fairly good results. However, the Board feels that for the best good of our schools we should reform a supervisory district and engage a superintendent for the next school year.

Teachers

The schools began in the fall with an excellent corps of teachers who have been doing steady efficient work. However, experience brings out more and more strongly the necessity of normal or other teacher training, for those who are given the responsibility of educating our children. The School Board feels that the time has come to establish the rule, to be broken only in necessity, that no teacher shall be given a Hancock school who has not had good normal or other teacher training.

The Schools

VILLAGE, GRAMMAR AND PRIMARY

The village school is running with very little friction, due to the efficient teachers in control, the supervision of noon and recess periods, and the absence of any scholars of bad or disobedient tendencies. Some of the pupils of the outside schools are being sent to the village school by their parents who realize the better facilities naturally belonging to a central village school.

SCHOOL No. 2—The Dutton School.

The children of this school have had much to contend with in getting started in their English studies. Much remains to be done to place them where they should be in the grade work of pupils of their age.

SCHOOL No. 3—The Stearns School.

The conditions here are largely the same as at No. 2. Several of the pupils of this school are attending at the village. With an additional teacher at the Central school it might be of advantage to have all the scholars of this district attend at the village.

SCHOOL No. 7—The Stone School.

This school includes an interesting group of pupils and good progress is being made.

SCHOOL No. 9—The Weston School.

There are only three pupils in this school. We were fortunate in securing a teacher who is contented with a school of that size and whose influence with the children is good.

HIGH SCHOOL.

The School Board contracted with the Educational Association to care for our High School pupils of the first and second years at one dollar per pupil per week. A few parents preferred to send their children elsewhere at their own expense. Two pupils of the fourth year attend at Peterborough. We are, as a town, to be congratulated on the progress and development of our High School which enables us to educate our children in advanced studies without being obliged to send them out of town.

GENERAL COMMENTS.

For some years past we have realized that our school system as a whole has not been sending our children out of the eighth grade with the thorough and complete knowledge and training they should have. We have not had the results gained by many other towns. Even with able superintendents in charge the educational results have been unsatisfactory.

We wish to point out two of the deterrent causes which we can easily remedy. One is found in the financial necessity of employing untrained teachers in our outside schools. Most of our outside schools are very much below the standard. Our pupils there should have as good advantages as any. But to obtain that we must have highly trained experienced teachers.

To obtain them the Board must be able to pay the wages such teachers can obtain elsewhere.

One other deterrent cause is found in the insufficient number of teachers for our village school. The school has never had but two teachers and so it may seem a new and unnecessary proposal to increase the teaching force. But we must bear in mind that the advance of education has of necessity kept pace with the advance of civilization. The education we received is not sufficient for the needs of our children who will have to live and work in ever increasing complex conditions. Central schools of advanced standards now do not allow one teacher to attempt to cover four grades for the simple reason that neither enough time nor mental strength can be devoted to any one class or recitation. For instance, the seventh grade in our grammar school attempts to cover some eight topics or studies. With the many studies of the other three grades and combining as much as possible, some studies are allowed only a ten-minute recitation. If there are ten children in the class that gives an average of one minute per child of teaching for that study. No argument is needed to show that such a teaching recitation must of necessity be superficial and partial. Under such conditions we must expect meager results in the education of our children.

The Board proposes: That a room be finished over the hallway in the village building, to be heated with an ordinary stove, to be used as a recitation room; that an additional teacher be placed in the village school; that higher priced and better qualified teachers be placed in our outside schools. These plans will require a special appropriation to finish off the room. But we believe this will insure a much needed advance, and the appropriation be money well invested in the future welfare of our children. We include this needed increase in the estimate for the coming fiscal year.

BUDGET FOR 1915-1916

These amounts are required by law, to be assessed by the selectmen without vote.

Amount as per public taxes	\$1,245 00	
Books and supplies	200 00	
High School tuition	700 00	
	<hr/>	\$2,145 00

These amounts are the estimates of additional monies needed to be appropriated at the School Meeting:

Salaries of school officers	\$110 00	
Estimate for repairs	250 00	
Additional money needed	1,145 00	
	<hr/>	\$1,505 00

Respectfully submitted,

ELLA F. PERRY,
F. PEARSON,
ALBERT S. MOORE,
School Board.

ROLL OF HONOR

FOR SCHOOL YEAR 1913-1914

Perfect attendance for the year:

Charles H. Fogg,	Grace M. Damon,
Bessie L. Fogg,	Evelyn L. Starkweather.

Perfect attendance for two terms:

Almus Woodward,	Mildred G. Warner,
Lauretta Russell,	Willie Haas
	Herman A. Alcott.

Perfect attendance for one term:

Chester Dutton,	Alton G. Fairfield,
Alfred Fairfield,	Constance H. Davis,
Robert Warner,	Gladys M. Fairfield,
Charles Flora,	David Coughlin,
Mary Coughlin,	Mildred O. Fogg,
James Hayward,	Eli Cossette,
Doris Hayward,	Herman Haas,
Cynthia Shaw,	Ronald Perry,
Dwight H. Davis,	Sheldon Damon.
Wallace A. Fish,

Auditors.

REPORT OF LIBRARY TRUSTEES.

The Trustees of the Hancock Town Library submit the following report:

Library and reading room open Tuesday, Thursday and Saturday from 2 to 5, and from 6 to 9 P. M., legal holidays excepted.

There have been 439 charge cards issued, representing 6,768 volumes and 1,308 periodicals taken out.

The Guest Book shows a record of 130 out-of-town visitors. There has been saved from our income, from time to time,

for a building fund, \$1,803.58, now on deposit in Peterborough Savings Bank.

The crowded condition of the library has necessitated the addition of four small stacks.

We are very grateful for the care some people have shown in the protection of the books, and would suggest that others use bags or some covering during transportation.

Following is the list of those who have kindly remembered us with books and periodicals: Misses Bailey, Miss Sarah Drew, Mrs. Geo. Goodhue, Mrs. A. M. Kimball, Mrs. Mary J. Lindsay, Mr. J. Vaughan Morrill, Mr. Harry Newell, Mr. C. B. Pearson, Mr. Thomas S. Perry, Mrs. Bertus Pietersz, Mrs. E. K. Upton, Mr. John Weston, Miss Nancy Weston, Mr. J. T. Weston, Mrs. Carrie Wilds, Mr. Geo. Wilder, Mrs. Addie Wood, Dr. Margaret Carleton.

Number of volumes reported Feb. 15, 1914.	6,323
Number of volumes purchased by trustees	91
Number of volumes acquired by gift	75
Periodicals bound	14
Whole number Feb. 15, 1915	6,489

ELMER S. WARE,
ANNIE LINDSAY PUTNAM,
MINNIE S. WARE,

Trustees.
